

ONLINE SHORT TERM TRAINING PROGRAMME ON RESEARCH METHODOLOGY

22nd February to 27th February 2021

Research enhances quality education. In the present scenario, it is an indispensable part of higher education. However, research is characterized by diversity of theoretical perspective, methodological strategies, techniques of data collection and analysis. To produce research work of higher quality, it is necessary to provide specialized training programs for college teachers and researchers to equip them with advanced methodological skills. Recognizing this need, our college is organizing a week long training program in Interdisciplinary Research Methodology from 22nd February to 27th February 2021.

The objective of this course is to help participants to acquire intensive knowledge and understanding on the various aspects of research methodology. The training course will include discussion on Research Concepts, Research Process, Research Design, Data Collection, Analysis & Report Writing. Apart from this, the Training Programme strives to highlight some emerging philosophical and methodological issues relating to research. Eminent dignitaries of national and international acclaim shall enlighten the participants on the above mentioned topics.

Registrations for the Training Programme are invited online on or before **22nd February 2021** for college teachers, research scholars, social scientists and students interested in pursuing research. As there are limited seats, the candidates shall be selected on a first come first serve basis. The Program fees for students is Rs. 100/- and for teachers and academicians is Rs. 500/-.
